TEXTURES & TREATMENTS

Brushed

Removing the soft grain enhances the texture of the timber.
Available in light, medium or heavy brushed.

Aged & Tumbled

Each piece of flooring is tumbled to achieve an authentic aged look to the edges and surface of the timber.

Bandsawn

Our bandsawn floors have traditional cut marks across the face of the floor and particularly suit retail and commercial projects.

Fumed

100% Fumed - tones of deep dark brown/black.

Elysian Wood offer you endless combinations of surface treatments to create your bespoke wood floor.

Our **fumed and smoked** colours are achieved through a process which reacts with the natural tannins in the oak and although we use controlled processes, the final colours are dictated by nature and not by using pigmented stains.

 Please be aware that when you buy smoked or fumed oak flooring **variation in colour is to be expected**. This is the beauty of having these floors.

Light Smoked

Surface smoked - tones of light to medium brown.

Medium Smoked

Surface smoked - tones of medium to dark brown.

Dark Smoked

Surface smoked - tones of dark brown.

UV Oil Finish

UV cured hardwax oil.
Available in Matt and Satin finishes.

CARE TIP To help care for your new wood floor we recommend using **Osmo Wash and Care** for regular cleaning and **Osmo Maintenance Oil** to refresh the surface.

We advise that you do not under any circumstance use a steam cleaner.

For more information please refer to our care and maintenance guide.
